

PROJECT TITLE	LOCATION	PROJECT DESCRIPTION	YEAR OF EXECUTION	CLIENT
Modernization of the existing Divača – Koper railway line, phase II, stages B and C; supervision of the construction of the replacement overpass in Divača (km 669+007)	s. Divača	– professional supervision	2012 – in progress	<i>Ministry of Infrastructure and Spatial Planning of the Republic of Slovenia</i>
Modernization of the Pragersko – Ormož – Murska Sobota line – stage 2	Pragersko – Murska Sobota	– professional supervision	2012 – in progress	<i>Ministry of Infrastructure and Spatial Planning of the Republic of Slovenia</i>
Auditing of the acquisition of the building permit documentation for the grade-separated crossing of the main and regional railway line with the Šentjur – Mestinje trunk road in Grobelno	Ljubljana	– audit of the building permit acquisition documentation – plan of the track devices	2011	<i>DRI upravljanje investicij, Družba za razvoj infrastrukture, d.o.o. Ulica talcev 24, 2000 Maribor</i>
Professional supervision of the execution of the 3rd phase of the renovation of the Košana – G. Ležeče line (track on rigid ground inside the tunnels)	Košana – Gornje Ležeče	– professional supervision	2011 – in progress	<i>Slovenske železnice, Ltd.</i>
Auditing the building permit acquisition documentation for the electrification and reconstruction of railway line Pragersko – Hodoš	Ljubljana	– audit of the building permit acquisition documentation (auditor)	2011	<i>Ministry of Transport, Agency for the Management of Public Railway Infrastructure Investment</i>
Arrangement of the train station and passenger car parking spaces along the R3-742/4806 Podpeč – Vnanje Gorice section, by means of the arrangement of the regional road (P1–P10)	Ljubljana	– audit of the building permit acquisition documentation	2010	<i>Ministry of Transport, Agency for the Management of Public Railway Infrastructure Investment</i>
Professional supervision of the execution of the 2 nd phase of the renovation of the Košana – Gornje Ležeče line (track on rigid ground inside the tunnels)	Košana – Gornje Ležeče	– professional supervision	2010–2011	<i>Slovenske železnice, Ltd.</i>

PROJECT TITLE	LOCATION	PROJECT DESCRIPTION	YEAR OF EXECUTION	CLIENT
Auditing for the acquisition of the building permit documentation for the second Divača – Koper track; Črni Kal – Koper section and the auditing of the preparation work of the Divača – Črni Kal line.	Ljubljana	– audit of the building permit acquisition documentation	2010	<i>Ministry of Transport, Agency for the Management of Public Railway Infrastructure Investment</i>
Consulting services for the preparation and realization of activities of the trans-border Trieste – Divača railway line	Trieste – Divača	– client consultancy – preparation of various types of documentation (tender documentation) – monitoring the effects – coordination of providers of engineering services, and others	2009–2012	<i>Ministry of Transport, Agency for the Management of Public Railway Infrastructure Investment</i>
Creating the technical bases for designing noise barriers for the railway network of the Republic of Slovenia	Ljubljana	– execution of the technical bases	2008–2009	<i>Slovenske železnice, d.o.o</i>
Supervision of the renovation of line No. 40 Pragersko – Središče – State border and line No. 41 Ormož – MS – Hodoš – State border at the Ptuj – Mekotnjak section and rehabilitation of the Ormož – Murska Sobota railway embankment from km 9+800 to km 10+135	Ptuj – Mekotnjak	– supervision (ZGO, FIDIC, PRAG) – project coordination – analytical planning and financial project supervision – process managing and organization – test control managing – OSH coordination at the construction site	2008–2011	<i>Ministry of Transport, Agency for the Management of Public Railway Infrastructure Investment</i>
Professional supervision, occupational health and safety coordination, and realization of the quality and quantity assumptions of the material and project equipment: Modernization of the safety signal and telecommunication devices on the Pragersko – Ormož line Join venture with the Slovenske železnice, d.o.o, holding.	Pragersko – Ormož	– professional supervision in accordance with ZGO, FIDIC, PRAG	2007–2010	<i>Ministry of Transport Public Agency of the Republic of Slovenia for Railway Transport (Agency for the Management of Public Railway Infrastructure Investment)</i>
Remote control of a fixed system of devices in the railway network of the Republic of	Pivka – Gornje	– professional supervision	2007–2008	<i>Holding Slovenske železnice, d.o.o.</i>

PROJECT TITLE	LOCATION	PROJECT DESCRIPTION	YEAR OF EXECUTION	CLIENT
Slovenia (railway network foundations)	Ležeče			
The execution of the general and specific technical requirements for the realization of constructions in the field of public railway infrastructures (Upgrading of the Pragersko – Ormož – M. Sobota railway line)	Ljubljana	– preparation of tender documents for works and materials for the upper and lower structures, and the safety signal and telecommunication devices	2007–2008	<i>Ministry of Transport, Agency for the Management of Public Railway Infrastructure Investment</i>
Professional supervision of the rehabilitation of the Old Sava bridge, tram lines and tram network reconstruction	Belgrade, Republic of Serbia	– professional supervision in accordance with FIDIC	2007–2009	City of Belgrade – City Administration
Consulting services for the preparation and implementation of activities for obtaining a building permit for the construction of a new Divača – Koper double track line	Divača – Koper	– client consultancy – preparation of various types of documentation (tender documentation) – monitoring the effects – coordination of providers of engineering services, and others	2007–2012	Ministry of Transport, Agency for the Management of Public Railway Infrastructure Investment
Enhancing safety with an additional light signal at NPr Hajdina to km 15+325 of the regional railway line No. 40 Pragersko – Središče – State border	NPr Hajdina	– professional supervision – coordination of occupational health and safety at work – qualitative and quantitative acceptance of integrated material	2007	Ministry of Transport, Agency for the Management of Public Railway Infrastructure Investment
The road link including the underpass under the railway lines within the framework of the C-4 road construction in the area of the Maribor railway triangle	Maribor	– monitoring the upper structure of the railway line	2007	ZIM zasnove in vodenje investicij d.o.o. – Maribor
Inspection of the points on the concrete sleepers on the Murska Sobota – Hodoš line section and the comparison with the maintenance of the points on the wooden sleepers	Ljubljana	– collection of data on the points on the concrete and wooden sleepers – analysis of recorded errors on the points – comparison of data from the inspection of the points	2007	Holding Slovenske železnice, d.o.o.

PROJECT TITLE	LOCATION	PROJECT DESCRIPTION	YEAR OF EXECUTION	CLIENT
Professional supervision, occupational health and safety coordination, managing of project test controls; Upgrading of the Pragersko – Ormož line – proj. A	Pragersko – Ormož	– professional supervision (upper and lower structures, safety signal devices, telecommunication devices)	2007–2009	Ministry of Transport Public Agency of the Republic of Slovenia for Railway Transport (Agency for the Management of Public Railway Infrastructure Investment)
Engineering, control and occupational health and safety coordination in the project: “Modernization of the existing Divača – Koper line” Join venture with the Slovenske železnice, d.o.o, holding.	Divača – Koper Divača Kozina	– obtaining the building permits according to ZGO-1 – professional supervision (upper and lower structures, safety signal devices, telecommunication devices) – audit of project documentation	2006 – in progress	Ministry of Transport Public Agency of the Republic of Slovenia for Railway Transport (Agency for the Management of Public Railway Infrastructure Investment)
Professional supervision of the project: “Renovation of the 1st platform tiling, flat roof of the station building, platform roofs, and electrical installations at the 1st and 2nd platform”	Maribor	Professional supervision: Construction, finishing and installation works	2006–2007	Ministry of Transport Public Agency of the Republic of Slovenia for Railway Transport (Agency for the Management of Public Railway Infrastructure Investment)
Renovation of the railway line from Poljčane to km 563+346 and the renovation of tracks No. 1, 2 and 3 at the Ponikva station on the Zidani Most – Maribor line	Ponikva, Poljčane	Safety coordinator and professional supervision for: – upper structure – lower structure – safety signal devices – telecommunication devices	2004–2006	Ministry of Transport Public Agency of the Republic of Slovenia for Railway Transport
Auditing of the project and tender documentation of obtaining the building permit phase for the Dobova international railway border crossing	Ljubljana	Audit: – track devices – platforms and ramps – subway	2003	DDC, svetovanje, inženiring d.o.o.
Execution of the project documentation for the 1 st phase of the Koper – Trieste line (concepts)	Koper	Investment engineering: – preparation of project documentation	2003	LUKA KOPER d.d.

PROJECT TITLE	LOCATION	PROJECT DESCRIPTION	YEAR OF EXECUTION	CLIENT
Construction of the Plinarna Maribor industrial line at Bohova	Bohova – Maribor	Professional supervision: – upper industrial rail structure – safety signal devices – telecommunication devices	2001–2002	INŽENIRING BIRO d.o.o. Maribor
Construction of the subway under the Ljubljana – Postojna railway line at Vič (by pushing the construction)	Ljubljana	– professional supervision	2001–2002	City Municipality of Ljubljana
Construction of the Ljubljana – Tivoli suburban public transport stop	Ljubljana	– professional supervision	2001–2002	Ministry of Traffic of the Republic of Slovenia, PUBLIC AGENCY FOR RAILWAY TRANSPORT, Maribor
Crossing of the two-lane express way with the railway – deviation of the railway at the Maribor Tezno station	Maribor Tezno	Professional supervision	2000–2001	DDC Družba za državne ceste d.o.o.
Construction of a rail link between Slovenia and Hungary	Puonci – Hodoš	Investment engineering – acquisition of land – acquisition of a uniform building permit – preparation of tender documentation for the selection of the contractor (tender) – evaluation of received tenders – realization of supervision	1997–2001	Slovenske železnice, d.d
Subway under the railway station at Pobreška cesta in Maribor – track devices, Section for the safety signal and telecommunication devices, railway network	Maribor	– professional supervision	2000	Javno podjetje za gospodarjenje s stavbnimi zemljišči d.o.o., Maribor
Renovation of the supporting wall in km 540+000 of the railway track Zidani most – Ljubljana		– professional supervision	2000	SLOVENSKE ŽELEZNICE d.d.
Renovation of the supporting wall from km 543+795 to 544+187 of the railway track Zidani most – Ljubljana		– professional supervision	2000	SLOVENSKE ŽELEZNICE d.d.

PROJECT TITLE	LOCATION	PROJECT DESCRIPTION	YEAR OF EXECUTION	CLIENT
Recognition of competences to perform quantitative and qualitative control over the implementation of the construction, modernization and maintenance of the Slovenian railway network		upper railway track structure lower structure buildings safety signal devices telecommunication devices electric power stations and railway network	1999–2000	Republic of Slovenia Ministry of Transport
Renovation of a mobile electrical power station Procurement of wooden thresholds for investment maintenance	Žirovnica	Control of the quality and quantity of the performed work	1999	Republic of Slovenia Ministry of Transport and Communication
RDZ Ljubljana – Sežana (system construction)	Ljubljana – Sežana	Control of the quality and quantity of the performed work	1999	Republic of Slovenia Ministry of Transport and Communication
